wines

Glass / Bottle / Case x 6

VRESH SAUVIGNON BLANC 2023 **40 / 130 / 780**

The 2023 vintage is ripe and tropical with aromas of pear and passion fruit. The palate follows the aromatics with loads of juicy tropical fruits whilst also retaining a fresh elegance which is the hallmark of cool climate Sauvignon Blanc. This is an extremely balanced wine which is drinking well in its youth but which will gain complexity over the next 12. Great on its own but also well suited to being enjoyed with a wide variety of foods.

Analysis: Alc: 13.69% R.S: 1.68 g/l T.A: 5.7 g/l pH: 3.36 V.A: 0.32

wines

VRESH SOUTH HILL ROSE 2023 **35 / 120 / 720**

Refreshingly dry, the nose bursts with ripe cherry and freshly chopped strawberries followed by a crisp, enticingly refreshing palate with a clean, yet persistent finish. Delicious on its own, this wine is also a surprisingly versatile food partner and can be enjoyed with anything from fragrant, lightly spiced curries through to desserts such as strawberry panna cotta.

Analysis: Alc: 13.27% R.S: 1.4g/l T.A: 5.1 g/l pH: 3.44 V.A: 0.27

VRESH SOUTH HILL PINOT NOIR 2023 **50 / 195 / 1170**

The wine has a beautiful fragrant nose of cherry and berry fruits, layered. The 2023 has a great depth of flavour and colour, and although soft on the palate is surprisingly robust for a Pinot. An elegant wine that is both accessible but also cerebral for those who have fallen prey to ethereal charms of Pinot Noir. This wine can be enjoyed now but will gain depth and complexity over the next 2 years.

Analysis: Alc: 13.19% R.S: 1.56g/l T.A: 5.47g/l pH: 3.55 V.A: 0.61

VRESH SOUTH HILL MALBEC 2023 **60 / 240 / 1440**

The wine has a generous fruit driven character with aromas of apricot and plum. The palate is soft and welcoming yet clean and refreshing, enticing you to enjoy another glass/ bottle! Whilst delicious now, it will definitely reward aging of up to 4 years after harvest. Great on its own, it will also make a fantastic partner to a succulent steak.

Analysis: Alc: 12.6% R.S: 1g/l T.A: 6.3g/l pH: 3.28 V.A: 0.8
